

NON-DISCRIMINATION POLICY

DBC admits campers of any race, color, national and ethnic origin, or gender, including gender identity. It does not discriminate on the basis of race, color, national and ethnic origin, or gender, including gender identity. For housing purposes, persons will be assigned rooms based upon their gender expressed at birth. If a camper is uncomfortable with a roommate or rooming situation, those will be handled on a case by case basis in the discretion of the President. DBC accommodates change from birth gender status for persons who have transitioned and provide a doctor's statement that such has been completed. Accommodation decisions are based on the sole discretion of the President in accordance with these policies.
